High Schools

*I thought your assembly was going to REEK, but it was AWESOME!!
Thank you SO MUCH for coming to our school!!*

- 11th grader, Belfast Area High School, Maine

Roy and Annalisa demonstrated that they are excellent teachers in addition to being accomplished singers and performers. Whether working in seminar, master class, or school assembly formats, they offered our students their expertise and shared their stories in a respectful, humorous, and winning manner.

- T. Sumner, Headmaster, Charlemont Academy, Massachusetts

I was so impressed with the way you wove opera into so many content areas such as history-social science, geography, science, and foreign language, and made it relevant to the lives of these young students. Richard Holmes (Superintendent of Siskiyou High School District) was very impressed with your effect at both the Continuation and regular High Schools.

- Karen Holmes, Dir. of Curriculum, Siskiyou Co. Office of Ed.

It was an awesome experience for both the teachers and students. Fabulous! They led us through history, foreign countries, kinds of operas, styles of singing and how they relate to today, made a clear analogy of today's rap music and opera from four hundred years ago., I have to tell you they were absolutely GREAT. Our students were mesmerized at their talent not only as singers and performers, but as common everyday people who just happen to be world renowned opera stars.

- Ellen McArron, Dunsmuir High School, California

Annalisa Winberg and Roy Stevens completely engaged our entire student body with their Amazing Human Voice Assembly and had a deep individual impact on students in German, Italian and Drama Classes.
